Manager's Report

Review and recommend approval of the statistical data

C. Eudaley reviewed the Jule Transit Statistical Route data for the year-to-date period of July-May 2014, noting that total ridership has increased by approximately 24,000 rides. She reported that the majority of the increase in ridership is from the fixed route system. The largest increase was from May 2013 to May 2014 with a 14% increase. C. Eudaley then reviewed the college ridership noting the Nightrider Route ridership is used more frequently by Loras College students whereas the University of Dubuque students are using the day time transit services.

C. Eudaley noted that the Intermodal facility groundbreaking ceremony occurred in late May and the project is underway. She informed the group that an RFQ for consultant services for the Bus facility will likely go out in the next month or so with more work on that project in the near future.

Discussion followed.

Motion by Enderson, second by Esser to approve the statistical data. The motion passed unanimously.

Fare Increase

C. Eudaley stated the fare increase will begin on July 1, 2014. She noted that flyers have been placed in the buses, giving riders plenty of notice of the increase.

Triennial Review

C. Eudaley stated The Jule will have their Federal Transit Authority (FTA) Tri-Annual review on August 26 and 27, 2014.

Other Business

June meeting

Lightcap indicated that the next meeting will be held on Thursday, July 10, 2014 at 4:15 p. m. in Room 223 of the Federal Building.

Ride Transit Week – May 15-21

C. Eudaley presented the press release and draft letter for members to email or mail to invite community members to ride the Jule during Ride Transit Week. She noted that T-shirts, buss pass holders and sunglasses will be given out on Friday June 20th at the three transfers and two for one rides will also be offered.

Review/Approve Recommendations to the Title VI Plan from Human Rights Commission

C. Eudaley stated that the Human Rights Commission recommended inclusion of the following protected classes to pages 9 and 10 of the Title VI Plan and also to the complaint form with the caveat that these classes are covered in Dubuque and at the State level, but not at the federal level.

Motion by Esser, second by Knight to approve the Title VI Plan with the addition of recommendations from the Human Rights Commission.

Board member comments

Lightcap asked if it was possible for the interior lights on the bus to turn on automatically when the doors open to help with the transition from light outside to dim in the bus. C.Eudaley stated that she will look into it, but believes that the Gilligs already do this and that the Medium Duty vehicles do not have this ability.

Lightcap asked about the frequency of Transit Advisory Board membership applications and whether there was an opportunity every year for someone new to be appointed. C. Eudaley said she would check with the city clerk as to the timing of board replacements.

Esser asked if it was possible to encourage passengers who are deboarding to exit out the back door of the Gilligs so people boarding can get in the front door. Discussion followed as to the habit of going out the front because only a few buses have the back door exit option. C. Eudaley will look into the possibility of some signage for inside of the Gilligs.
