Should fund if not funding now	# of votes
1. Open data initiative a. Inventory existing data b. Process to decide what to public on web	4
2. Summer programs continue and expand to special needs via partnerships	3
3. Co-ed housing for citizens without children	2
4. Zero based budget	2
5. Management staff level and pay comparison	2
6. Reduce city debt	2
7. Increase promotion of Bette Recycling- budget \$2 to total (\$2 per household per year; \$2.00 per household per year was the recommended promotion/marketing maintenance rate from our recycling trade association as I remember it. Diversion to recycling in Dubuque has been declining for a number of reasons. Creative promotion and engagement with the involvement of committed city stakeholders, adequate funding and lessons learned from the Smarter Discards Research Project would turn things around.)	2
8. Neighborhood Beautification Project- funds/matching homeowners-renters	2
9. Reducing our debt and cutting back on overall spending	1
10. Pollution Prevention- city wide-outdoor/I.P.M. (create an Integrated Pest Management Policy with citizen stakeholder input which would prioritize better protection of citizens, our kids and pests from poisons applied outdoors on city properties. Pests include weeds controlled with herbicides. The request is to allocated adequate funds and staff time to move through the policy development process in a timely manner. Early stages of the process could consider bringing to Council recommended bans of certain very toxic poisons and making certain parks or areas "poison-free".) *draft policy on file	1
11. South port Development- use of Mississippi Views	1
12. Water Aquatic's Center	1
13. Keep up the Green Alley Project	1
14. Adding police officers ("beat" cops and Police substation)	0
15. Maintaining city parks	0
16. Funds for Homeowners to place safe lighting	0

17. Funds for restoration/preservation of stately homes	0
---	---

Note: The columns are different as staff received feedback that it would be easier for the public to participate if they would just focus on one question like what should be funded. This accommodation was made at this meeting.

As is CIRCLES community member input:

Continue funding	# of votes	Should fund if not funding now	# of votes
1. Improvements to fair and affordable housing-accountability for landlords/transitional housing	10	18. Financial literacy programs intended to teach families become more self-sufficient/sustainable. Starting at young age and up.	8
