

**TO:** The Honorable Mayor and City Council Members

**FROM:** Michael C. Van Milligen, City Manager

**SUBJECT:** 22<sup>nd</sup> Street/Kaufmann Avenue Storm Sewer Improvements Project  
(White Street to Kleine Street)  
CIP #2642769 PROJECT #1X0006

**DATE:** February 12, 2019

City Engineer Gus Psihoyos recommends City Council approval of the plans, specifications, form of contract and estimated cost in the amount of \$7,529,802 for the 22<sup>nd</sup> Street/Kaufmann Avenue Storm Sewer Improvement Project (White Street to Kleine Street).

Due to the bids received for the Upper Bee Branch Creek Railroad Culverts Project, this project will be bid with a bid alternate. The base bid of the project will be from White Street to near Frances Street. The add alternate would take construction to Kleine Street.

Additional phases will continue along Kaufmann Avenue to Kane Street if funding allows. These additional phases of construction will occur in 2020.

This project budget includes \$7,181,260 in federal and state grant funding.

I concur with the recommendation and respectfully request Mayor and City Council approval.
