**Improvement Package Summary**

**1 of 9**

This improvement request is for the removal of tree stumps along City streets and on other City properties. With the increased mortality rate of Emerald Ash Borer (EAB), the backlog of stumps has increased significantly. Tree removal has been the priority with stumps being left behind for a later date. Some of these stumps are also impacting the Engineering Department's sidewalk program. Sidewalks need to be replaced and the Forestry Activity is actively removing ash trees. This does not allow time for stump removal. The funds would be used to prioritize the stumps that need to be removed and hire a contractor to grind them. This will decrease the liability of someone tripping over a stump or a raised sidewalk that needs to be repaired. It will increase the efficiency of the sidewalk program to hire out the stump grinding versus waiting for the Forestry activity to fit it into their schedule. This request supports the City Council Goal of Vibrant Community: Healthy and Safe by removing stumps in a timely manner to reduce liability concerns.

This improvement request is for staff and maintenance costs for the Veterans Memorial Project on Chaplain Schmitt Island. An improvement package was approved in FY 2020 for one month of seasonal staff (.05 FTE or 110 hours) and maintenance cost. The project was slated to be completed in May of 2020 but has been delayed. This request would provide for the remaining 11 months of staffing (.53 or 1,210 hours) and maintenance, although the project will not be complete by the beginning of FY 2021. The entire cost of staff and maintenance will be reimbursed through the DRA. The enhancements to the area will require additional maintenance and staff time to keep the Veterans Memorial plaza area beautiful. This request supports the

City Council Goal of Diverse Arts, Culture, Parks, and Recreation Experiences and Activities by providing a beautifully maintained Veterans Memorial for all residents and visitors to enjoy.

This improvement request is for the addition of pet friendly amenities throughout the City. A Pet Friendly Community Assessment was completed in 2019. The assessment was broken into four parts including Parks, Shelters, Homes and Businesses. The Pet Friendly Community Committee is recommending additional pet friendly amenities throughout the community. This would include amenities such as pet waste stations, and educational signage. Costs include purchase and installation of the amenity as well as maintenance of those amenities (i.e. pet waste bags). This request supports the City Council goal of Livable Neighborhoods and Housing: Great place to Live by providing amenities for pets in all neighborhoods throughout the City.

This improvement request is for contract services of snow removal on the new hike/bike trail that is to be built along Chavenelle Road in Dubuque Industrial Center West (DICW). The trail that is to be constructed in 2020 will be from Radford Road to Seippel Road and is approximately 8,357 feet long and 10 feet wide. Approximately 1,367 feet of the new trail is outside of the area covered by the Dubuque Industrial Center West covenants. The request is based on an average of 25 snow falls. Revenue would not be reflected until FY 22 when companies in DICW are billed for FY21. This request supports the City Council Goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by ensuring timely snow removal from the trail.

This improvement request is for installation of two forced-air gas heaters in the greenhouse. An improvement level package was approved in FY 2019 to install heaters in the greenhouse. These two additional heaters would complete the conversion of boiler heat in the greenhouse to natural gas. It is also anticipated that these heaters will save approximately \$1,000 in gas utility costs annually. This request support the City Council Goal of Financially Responsible, High Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by reducing costs paid for by city residents through the general fund.

This improvement level decision package is for consultant fees for park planning for Washington Park. Washington Park is Dubuque's oldest platted park. The park serves as an event space year-round with events such as Food Truck Friday, Dubuque Fine Arts Festival, Art in the Park - Snow Sculpting and more. It is also home to many political events and protests as well as Hospice Tree of Life memorial service. The use of this public square has increased and changed over the years. It's visibility as a main entry point to downtown Dubuque is important to the community and travelers. The park location is near many employees and employers and potentially could be used more during lunch hours, as well as nights and weekends by those living near the area with more downtown area dwellers. An engaging park planning process would assist in updating the park to better handle the current and future events and activities. The Dubuque Museum of Art has committed \$10,000 to assist with planning. This improvement level package relates to City Council goal Partnership for a Better Dubuque: Building Our Community that is Viable, Livable and Equitable. Partnerships abound in the use of Washington Park as described and in the future.

This improvement request is for a mobile air compressor. The Park Division currently borrows an air compressor from the Public Works Department in the fall to blow out irrigation and water lines as a part of the winterization process. Typically this is a time when these compressors are most needed by Public Works and other departments for similar reasons. This 185 CFM air compressor would serve multiple uses. It would be used to blow out all the Park Division water lines and irrigation systems including the irrigation system in the Bee Branch Creek Greenway. The compressor would be also used to blow out the water lines at the Port of Dubuque Marina. The compressor would allow for more timely usage to ensure that nothing freezes before temperatures get too cold. This air compressor would also be used for other park maintenance projects including sidewalk replacements. This improvement request supports the City Council Goal of Financially Responsible, High-Performance City Organization: Sustainable, Equitable, and Effective Service Delivery by reducing possible increased maintenance costs related to irrigation and water lines freezing and requiring repair.

This improvement request provides for removing some vegetation and removal and treatment of invasive plants along the Highway 20 corridor from Locust Street to Grandview Ave. The edges of the woodland areas have begun to "creep" into the maintained areas of landscaping along the corridor. The invasive species have been spreading and a multi-year treatment approach is needed. The request would provide funds to hire a contractor to remove some of this creep as well as remove some of the invasive plants that are thriving. This will improve the overall look of the corridor as well as remove unwanted and invasive vegetation along the corridor. This request support the City Council Goal of Sustainable Environment: Preserving and Enhancing Natural Resources by enhancing the beauty of the Highway 20 corridor and removing unwanted and invasive plants.

This improvement request provides for an increase in pavilion fees at all Park Division facilities. The fees for pavilion rentals were last standardized and increased as a part of the FY19 budget. Fees were adjusted in April of 2019 and the reservation timeframe was also reduced from 23 months in advance to 11 months in advance. The proposed fee increase includes a 10% increase for rentals over \$100 and a 20% increase for rentals under \$100. The fee increase would be implemented in the spring of 2021. The estimated increase in revenue for the fee increase based on calendar year 2019 pavilion rentals is approximately \$11,000.
